	<u>18,564.00</u>

Total Estimated Receipts	20,740.00
Appropriations Recommended	18,564.00
Balance	<u>2,176.00</u>

This balance is available by the Central Board for emergencies and special matters as they may develop.

It is recommended by your budget committee that the business manager of the Associated Students should have general supervision of the business management of Hi-Jinx and Varsity Vodvil, so that the general plans of Central Board may be followed, and that unauthorized expenditures may not occur. This will give better coordination and cooperation between Central Board and the management of these two activities.

It is recommended further that the A.S.U.M. Business Manager be authorized to proceed with the general business pertaining to office material and supplies, elections, and printing, on the basis of expenditures as in 1930-31.

Central Board, by its action June 1, 1931, preferred to the Budget Committee the matter of per cent of compensation to be given Varsity Vodvil and Hi-Jinx managers.

The Budget Committee recommends that the managers of both Hi-Jinx and Varsity Vodvil be given five per cent of the net receipts of the activity of which each person may be the manager.

It is reported that students are unable to use the tennis courts as much as they should be used, and would be used, if nets were provided. It is recommended that nets be purchased, a suitable housing place for them be provided, and arrangements made for taking care of the nets. Subject to future action of Central Board relative to expense.

There arises annually the same question relative to space in the annual, The Sentinel, relative to free space for pictures and writeup. About \$3,400 to \$3,500 is annually collected by the business office from students as subscriptions to this publication. This sum is at the disposal of the Editor and Business Manager of the Sentinel with no effort on their part. The sum of \$500 is placed in the Sentinel budget as compensation for service by those preparing the book.

Representatives of student organizations and activities have objected to the demands for payment of page space, stating they are called upon to render service and do give such service to the student body, that they have no way of raising funds, that it is unjust to require them to pay as individuals, and that space for their organizations, clubs, or activities should be given in the Sentinel free of charge.

The Budget Committee expresses the opinion that the Central Board, and not the Editor and Business Manager of the Sentinel should determine and decide what pictures should go into the Sentinel without charge.

In view of the above, the Budget Committee recommends that Central Board appoint a special committee to canvass the entire field, and to make recommendation as to what pictures may and should be included in the book without charge.

It is hoped that a definite plan may be made and adhered to, so that the constant agitation may be averted, the matter definitely settled, and a future policy be established.
